ROBAND®

Eclipse Conveyor Toaster

2 Entry Chute Options | Variable Heat Control | Reliable Performance | Easy to Clean

Providing ultimate toasting control for back-of-house kitchen staff, the Eclipse is designed for high speed bun toasting and toasting of small bread based snack items.

FEATURES

- Independent and precise variable control of top and bottom element heat output
- Solid State Electronics offer precise temperature control
- Control of conveyor belt speed
- Two entry chutes providing different entry angles, standard wire 48° or stainless steel 25°
- Front return or pass through chute operation
- Adjustable angle on rear chute – 3 angles (10°, 17.5°, 25°)
- Dura-life stainless steel elements for prolonged element life
- Removable crumb trays for easy cleaning
- 40 mm entry chute clearance
- Maximum toasting diameter up to:
 - return chute 130 mm,
 - pass-through 310 mm
