

## Models

DM570 Metamix Mega

## Product Description

DM570 (Turbo liquidiser, 570mm shaft, standard attachment)

## Product Code

DM570

## Standard Features

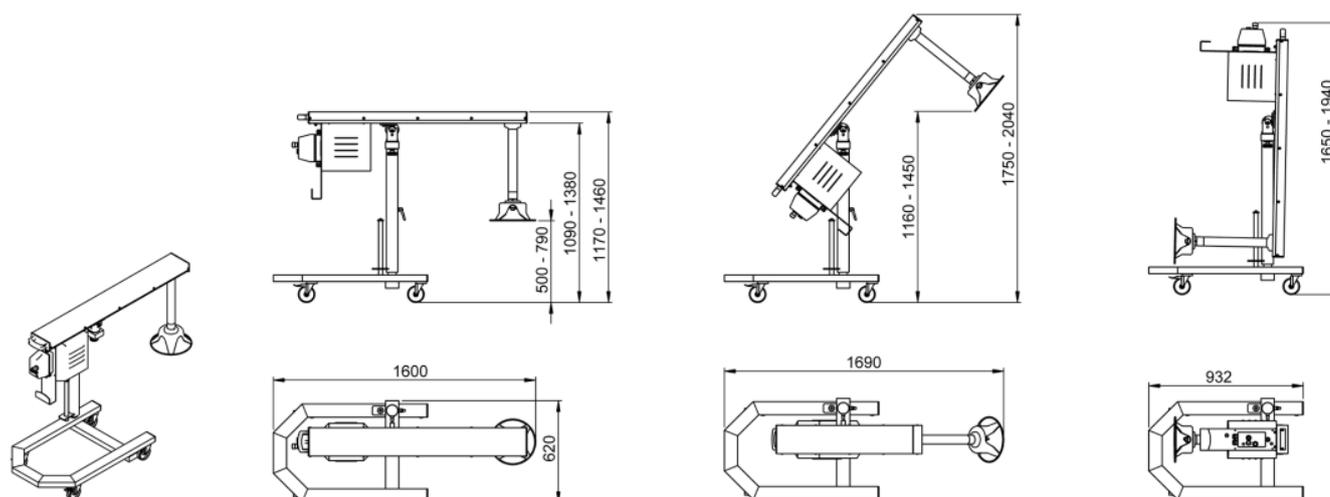

- Especially designed for central production kitchens mixing high volumes, up to 300 litres, directly in pots
- This standard version is ideally suited to blend vegetable or fish soups, sauces etc. It finely pulverizes 300 litres of cooked vegetable soup in less than 5 minutes
- Powerful 2.2kW motor
- The DM570 has a capacity of 100 to 300 litres with a shaft length of 570mm
- Fixed speed of 4,000rpm
- Long service lifetime for intensive use
- 100% stainless steel for easy cleaning and durability
- Brake wheels enhance the manoeuvrability
- Retractable and compact for easy storage
- Adjustable working height
- Covered by Metcalfe 1-year on-site warranty (parts & labour) and full after sales service
- CE Approved

## Maintenance

- In a few seconds and without dismantling anything, the stainless steel tube and bell can be washed with clear water only.
- The 3-phase electrical connection must be done by a professional
- Regular wear checks should be carried out on the bearings, seals and O-ring to keep your machine in perfect operating condition

## Specifications
