## Freestanding Electric Hotplate/ Grill

Energy Efficient | High Performance | Versatile | Durable | Easy to Clean

The Austheat 3 phase electric hotplate griller is the ideal solution for busy fast food outlets where high speed grilling and toasting is required. Ideal as a hamburger or grill station, the Austheat hotplate/griller is designed to work either as a stand alone machine or alongside Austheat deep fryers in a modular configuration.

AHT860

AH860

### FEATURES

#### AHT860 - with toasting/salamander function

- Ideal for high speed grilling and toasting of foods, such as hamburgers, steak and eggs
- Individual control for left & right cooking zones with separate Cook/Idle (standby) functionality
- The toaster has a dedicated element for perfect one-sided toasting/salamander function
- The toaster also has a Cook/Idle (i.e. standby) setting for quick switching between high and low settings
- Easily readable twin digital temperature displays show plate temperature

#### AH860 - with extra storage space

- The extra storage space under the steel hotplate is ideal for storing plates, pans or cooking materials - the perfect storage size for 1/1 gastronorm pans
- Removable shelf for easy cleaning – 3 step adjustment

#### Features of both AHT860 and AH860

- 3 phase electric hotplate / griddle toaster
- 12 mm thick heavy-duty machined steel hotplate
- Castors on the rear and adjustable legs at the front
- Separate controls for left and right side of the hotplate
- "Cook" and "Idle" dual controls provide backup in the unlikely event of a thermostat failure
