## FEATURES

- Available in red, black or natural finish
- 10 Amp (350* slices/hour) or 13 Amp (500* slices/hour)
- Optimised for bread under 20 mm thick but accommodates up to 30 mm
- Delivers consistent, even toasting
- Safety focused design with cool-to-touch body and lid locking latch
- Energy efficient features include auto energy-save mode and auto-sense to activate when bread is inserted
- Adjustable, lockable speed controller to ensure patrons do not alter the setting
- LED lit toast return chute provides clear visibility and easy access; radiant heat keeps toast warm
- Durable stainless steel elements
- Brushed stainless steel, black or red finish.
- Slide out crumb tray, and hinged cover for easy cleaning

*Throughput varies with voltage
