

**Model**

MSS350A

**Product Description**

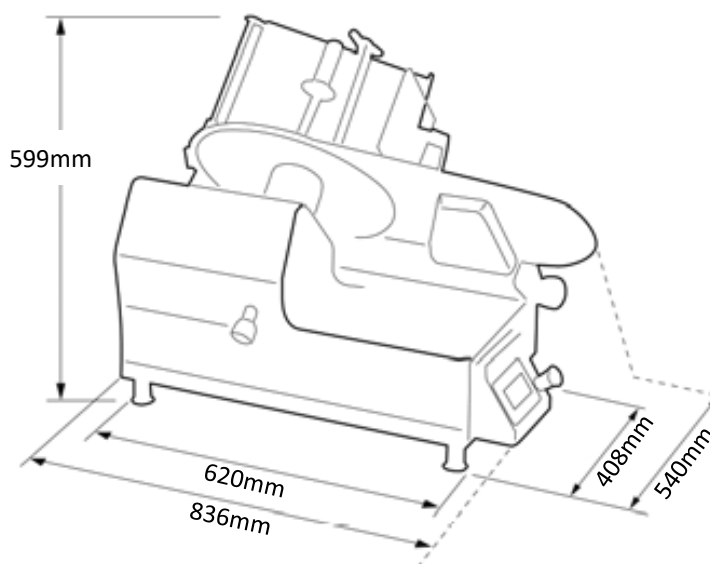

Slicer, 350mm, Semi-automatic,  
Extra Heavy Duty, Stainless Steel

**Standard Features**

- High-quality, stainless-steel, semi-automatic gravity feed slicer with 350mm blade
- Corrosion resistant, made entirely of AISI 304 stainless steel
- 100% waterproof with an IP67 protection rating
- Reliable operation and easy to clean thanks to an ergonomic design with a removable carriage
- Very rigid structure
- Slice thickness adjustable with great precision from 0-25mm
- High performance gear transmission
- Easy to use independent sharpener: a simple turn of the graduated knob allows perfect sharpening; an operation that can be performed easily and quickly by any operator
- The carriage slides smoothly, thanks to the well-structured gliding system
- The sturdiness and quality of the components, together with their careful assembly, guarantee a perfect cut
- The plate assembly and blade guard are dishwasher-safe
- Equipped with a single-phase motor of 0.64HP
- UL, NSF & CSA certification
- CE Approved
