ROBAND®

Conveyor Toasters

High Speed Toasting | Front Load/Return or Pass Through Exit Chute | Reliable Performance

Ideal for toasting large quantities of toasted bread, crumpets or muffins efficiently. Capacity to toast up to 500 slices per hour*, the Roband toasters can handle heavy demands. Can be configured as front load/front return or front load/pass through (to rear) exit chute.

FEATURES

- Stainless steel body
- Selectable heat source top or bottom or both together
- Front entry/adjustable front return or pass through exit chute
- Variable electronic conveyor speed control
- Cover for speed controller switch so guests don't alter setting
- Easy-clean crumb tray and reflector
- Dura-life stainless steel elements for prolonged element life
