Multi-Function Chip & Food Warmer

## Bench-Top Food Warmer | Variety of Accessories To Suit Food | Heat From Above & Below

The multi-function food and chip warmer is a compact bench-top warmer that can accommodate a range of accessories to suit the type of hot food being displayed. With heat source from above (quartz heat lamp) and from below (stainless steel elements), the unit attractively holds and displays hot food, ready for service.

### FEATURES

Designed for better performance, extra reliability, safety & end-user serviceability...as well as visual appeal.

#### Heating:

- Sealed upper heating units with easy-change Halogen Heat Lamp (no electrician needed)
- Improved temperature control

#### Safety:

- Dual Jacket heating lamp (if inner globe breaks, outer glass captures the glass pieces)

#### Quality:

- Resilient build quality

#### Aesthetics:

- Contemporary – styled look with brushed steel finish

### MW10 - Base Unit

Supplied without accessories or trays. Fits various gastronorm pan layouts, including a full-size 1/1 (100 mm deep) pan. With heat above and below, the MW10 keeps cooked food at serving temperature while displaying it attractively.

MW10  
Base Unit

### MW10CS- Carving Station

Supplied with a 65 mm full-size pan and a 25 mm perforated spiked pan for carving. The spiked tray holds meat securely, while the lower pan provides steam to keep it moist and collect drippings. A heat lamp adds warm light to enhance presentation.

MW10CS  
Carving Station

### MW10CW & MW20CW - Chip Warmer

Supplied with a sloping chip tray, the MW10CW and MW20CW boost chip productivity and presentation. With heat from above and below, they keep chips at serving temperature and free the fryer basket for the next batch. The heat lamp adds warmth and a light that enhances presentation.
